		I explained to GAO that if I was called again for him charges would be laid. It occurred he would have a great deal of problems getting a green card - USA or in some parts of the govt service. He seemed to care about that.
	1300	I took GAO to the math BLDG - He wanted to get a Professor to vouch for him on a passport.
	1330	Got him to his car, escorted away from computer science / UBC
