Richmond Court - is the charge that the PSR has been requested for. (hmm)

Kelly FOS - Jung was in custody when he was to see the Kerr so the assessment has not been completed - thus the new date for Richmond court.

He could see the Kerr this pm any time between 1 + 2 pm. They need 2 hours to do the assessment. He has another date so there isn't a problem if he can't make it.

22 Oct 93 - Brad - UH - Jung is there. He presented on the 20th at 8 pm. Has presented daily to UBC for the last week. Obsessing re the Finch. They plan to take him off holdal + see what symptoms

present themselves. He is in total denial - at least to the Drumply. When to the 2, he agreed to see the psychologist, half an hour later when the psychologist arrived, he refused to speak to him. The C has arranged for the Drumply to see him today.

Not to go to the YPCA or Crown Counsel office. Apparently he has been harassing them. He sometimes calls the file room 50x in a day. Apparently he raised quite a fuss in court - refused to remain behind the gate.

Brad quin above info.

Heard JBC - Mr D. has been there 3+4 x daily lately. The RCMP have not been helpful. Security has had to remove him each time, as well they have had to hold the door closed in order to keep him out. He has told other patients that he is to see the Dr first & pushed them (gently) out of the way. He has never met the Dr. No one knows how he got her name but he has been ejected from the psych ward when he went there looking for her on several occasions.
